April 30, 2025

**Attention All Editors**

**For Immediate Release**

**Detailed Preliminary Results of the 2025 Parliamentary Elections**

The Elections and Boundaries Commission (the Commission) is pleased to provide these detailed preliminary results of the 2025 Parliamentary Elections.

In the course of its continued assessments, the Commission has identified and implemented minor adjustments to the overall vote tallies as compared to the initial preliminary results released yesterday. These refinements are part of the Commission's standard verification process and reflect its ongoing commitment to accuracy, transparency, and the integrity of the electoral process.

While the initial preliminary figures provided a prompt snapshot of the outcome, further verification is a routine and essential step to ensure that all data is thoroughly validated and precisely reported.

The Commission extends its sincere appreciation to all stakeholders for their patience and understanding. It remains unwavering in its mission to deliver elections that are fair, transparent, and credible. Any additional updates, such as the recount details, will be communicated through the Commission's official website and Facebook page.
