Recount Completed for Malabar/Mausica Constituency

The Elections and Boundaries Commission (the Commission) confirms that, following a comprehensive and transparent recount process, the detailed preliminary results for the Malabar/Mausica constituency in the 2025 Parliamentary Elections remain largely unchanged.

The recount was conducted in full accordance with established electoral laws and procedures, pursuant to Election Rule 101, due to a formal request by the United National Congress (UNC) for general recounts, including poll card verifications, in three constituencies.

The results of the Malabar/Mausica recount had a marginal adjustment in vote totals and were recorded as follows:

- PNM – 7,691
- UNC – 7,437
- Patriotic Front (PF) – 834
- Rejected Ballots – 45

Recounts for the Arouca/Lopinot and San Fernando East constituencies are currently ongoing.
