Sir,

REPORT ON THE PARLIAMENTARY GENERAL ELECTIONS, 1976

I. INTRODUCTION

As required by paragraph (6) of Rule 97 of the Election Rules contained in the Third Schedule to the Representation of the People Act, No. 41 of 1967, the Elections and Boundaries Commission, comprising the following three (3) persons:

- Mr. L. Alan Reece, C.M.G. – Chairman
- Dr. S. Moosai-Maharaj, C.M.T.
- Mr. Simeon Alexander, H.B.M.

duly constituted in pursuance of the provisions of Sections 13 and 71 of the Constitution of the Republic of Trinidad and Tobago, has prepared this Report on the Parliamentary General Elections which were held on September 13, 1976. In this Report the Commission has set out in particular:

- Table 1 The number of votes polled for each candidate by polling divisions and by special ballots;
- Table 2 The number of names on list of special electors;
- Table 3 The summary of ballots and votes cast;
- Table 4 The registration areas, number of polling divisions, number of electors and constituencies contained within the registration area;

*The Honourable the Speaker,
The House of Representatives,
Red House,
Port-of-Spain.*

- Table 5 Votes cast for parties and percentages of votes cast for each party;
- Table 6 The number of electors, number of votes cast, number of votes rejected and percentages by electoral district;
- Table 7 The number of polling stations, average number of electors per polling station and average number of voters per polling station;
- Table 8 Votes cast for candidates, rejected votes, percentage of total votes cast and majority of first over second.

2. In addition to the above, the Commission deems it fit to include information contained in Appendices I to IX as follows:

- Appendix I Centres at which registration took place during the period of electoral registration (4th - 12th August, 1976);
- Appendix II Statement of photographic centres;
- Appendix III Statement of photographs taken during the period of electoral registration;
- Appendix IV Summary of (a) registration effected during the period of electoral registration, (b) notifications of change of address received during the period of electoral registration;
- Appendix V List of registration officers;
- Appendix VI List of returning officers and election clerks;
- Appendix VII Names, addresses, occupation and party affiliations of candidates nominated by electoral district;
- Appendix VIII Publicity and Voter Education Programme; and
- Appendix IX Expenditure incurred on the elections.

3. The Parliamentary General Elections now being reported upon were the third held in Trinidad and Tobago since the country attained independent status and the first since becoming a Republic on 1st August, 1976.

4. These elections were held on Monday, September 13, 1976 in respect of the thirty-six (36) constituencies – thirty-four (34) in Trinidad and two (2) in Tobago.

5. It may be fitting to state that the Elections and Boundaries Commission between 1972 and 1976 submitted specific recommendations for redefining

boundaries and amending the laws relating to registration and elections. As consequence the following *inter alia* were effected:-

- (1) provision relating to the substitution of identification cards to be decided upon by the Commission;
- (2) inclusion of persons engaged in off-shore petroleum operations and members of flight crew of an air line among persons eligible to vote before election day and non-inclusion of persons in the Diplomatic Service;
- (3) substitution of postal voting by special voting procedure whereby the elector is now required to cast his ballot personally;
- (4) amendment to the electoral system as follows:-
 - (a) provision for electors to record their votes on ballot papers with a rubber stamp bearing an 'X' and to cast their ballots in ballot boxes;
 - (b) introduction of Polling Station Diary;
 - (c) extension of franchise to persons eighteen (18) years and over and the automatic registration of persons who were previously registered before attaining the age of eighteen;
 - (d) provision entitling a person to vote if his name appears on the list of electors or if his registration record card appears in the unit register;
 - (e) increase in election expenses of a candidate from \$2,500 to \$5,000;
 - (f) provision where necessary for the Revised List to constitute the preliminary list together with a list of additions and a list of deletions;
 - (g) requirements for ballot box, voting booths, care and custody of ballot boxes and form of ballot paper;
 - (h) provision that scrutineers from parties be paid only if a candidate of the party is nominated for the constituency in which the scrutineer served;
 - (i) responsibility for printing of ballot papers vested in Government Printer;
 - (j) change in personnel of polling station - removal of machine attendant and replacement by Deputy Presiding Officer;

- (k) inclusion of Registration Supervisor among list of Election Officers;
- (l) provision for determining the count at a polling station where a ballot box was lost;
- (m) provision for final count only on request of a candidate and for general and limited count;
- (n) questioned ballot and procedure for dealing with same; and
- (o) procedure for recount by Chief Election Officer and mandatory count in case of an equality of votes.

6. The Commission also made administrative arrangements within the provision of the law to update its register, the most effective being a house-to-house survey, the specific purpose of which was:

- (1) to place correctly the names of registered electors who had removed from one place of residence to another and had not notified the appropriate Registration Officer of such change;
- (2) to show the numerical distribution of registered elector in the various constituencies and to indicate whether there was need for a redefinition of constituencies in the event that the number of electoral districts was unchanged.
- (3) to provide information on the number of persons in each of the age groups between 15 years and under 21 years and thus assist in determining the number of new persons to be enfranchised in the event that the decision was taken to lower the voting age to include persons in any of those age groups;
- (4) to assist the Commission in deleting from the list of electors the names of those persons who were no longer resident in the country;
- (5) to purge the registers of the names of deceased persons — 'ghost electors' — whose registrations had not been located for cancellation due to an incorrect name or 'alias', supplied by the informant to the Registrar of Births and Deaths at the time of registration of death; and
- (6) to assist in the delivery of the thousands of unclaimed identification cards at Registration Offices.

This exercise was carried out over the period from 21st July to 31st August, 1975. This was followed by a post survey enquiry which extended to January, 1976. These exercises resulted in over 100,000 changes in the existing list of electors representing deletions and transfers of registration.

II. THE PRESIDENT'S PROCLAMATION

7. In accordance with the provisions of Section 50 (2) of the former Trinidad and Tobago (Constitution) Order in Council, 1962, Parliament having continued for its full five-year period following its first sitting in 1971 stood dissolved on 18th June, 1976.

8. On 30th July, 1976, the Governor-General by Proclamation No. 8 of 1976, directed that an electoral registration be conducted in all electoral districts and fixed the 4th August, 1976, as the date of commencement of the said electoral registration.

9. In view of the limited public response in the first few days of this period and the consequent rush when the date of the election was announced, the Commission recommended and Cabinet agreed to the extension of the period of electoral registration for a further period of three (3) days (10th – 12th August, 1976). This was published as the Registration (Amendment) Rules, 1976 – Government Notice No. 128 of 1976 refers.

III. THE ESTABLISHMENT OF TEMPORARY REGISTRATION OFFICES

10. Subsequent to the issue of Proclamation No. 8 of 1976 aforesaid, eighty-nine (89) temporary registration offices were established throughout the fifteen (15) registration areas into which Trinidad and Tobago is divided. A list of these offices appears as Appendix I. Temporary photographic centres were also established. A list of these centres and the number of photographs taken at them appear at Appendices II and III respectively.

IV. EMPLOYMENT OF TEMPORARY STAFF

11. Temporary Assistant Registration Officers were employed to carry out registration duties at various centres. The Commission also appointed Scrutineers nominated by political parties in accordance with Section 5 of the Representation of the People Act, No. 41 of 1967, as amended by Act No. 20 of 1976.

V. PUBLICATION OF PRELIMINARY LISTS

12. The Annual List of Electors published on 3rd May, 1976 and posted in prominent places in each of the thirty-six (36) constituencies were deemed to be the Preliminary Lists of Electors. These lists showed a total of 525,284 names of persons and were published and posted as required on

4th August, 1976, in accordance with the provisions of Section 30 (2) of the Representation of the People Act No. 41 of 1967, and amendments made thereunder.

VI. THE REVISED LIST

13. The Revised Lists which were published on 27th August, 1976, contained a total of 565,646 names of persons qualified to vote, an increase of 40,362 over the number contained in the Preliminary Lists of Electors. This increase is accounted for by the changes notified to Registration Officers from the date of the publication of the Annual List of Electors on May 3, 1976 to the commencement of electoral registration, and the activity of the temporary Assistant Registration Officers during the period of electoral registration as is set out in Appendix IV. The names of the Registration Officers and the areas to which they are attached appear at Appendix V.

VII. SELECTION OF POLLING STATIONS

14. The Commission through the Chief Election Officer appointed Mr. Phillip Newallo, Retired Secretary, Elections and Boundaries Commission, and Mr. Godfrey Cumberbatch, Retired Public Officer, to make recommendations on the suitability of places for selection as polling stations.

15. The Commission, after considering the reports and obtaining the views of the Registration Officers and the Returning Officers, made the final selection of polling stations.

16. The Commission took steps to ensure that wherever possible public buildings were used as polling stations. Strict security measures were taken to ensure that the floor of the buildings selected was in good repair and able to support the combined weight of electors, presiding officer, poll clerks, the representatives of candidates and such furniture (tables, chairs and ballot boxes) as were required for use at polling stations.

17. Where the places selected were not provided with electric lighting facilities, the Commission provided gas lanterns for use.

VIII. ISSUE OF WRIT OF ELECTION

22. Each Returning Officer was directed to hold a minimum of two (2) sessions for polling day staff. Approval was given for other briefing sessions where these were requested.

23. Particulars of instructions regarding the conduct of elections were issued to polling day staff. Copies of "Handbook for Candidates and Election Agents" and "The Law, The Ballot Box and You" prepared by the Commission were also distributed together with Guidance Notes, booklets of instructions and a diary of duties prepared for the use of Returning Officers to ensure that they were conversant with their duties.

XI. NOMINATION OF CANDIDATES

24. At the close of proceedings on Nomination Day, two hundred and seventy-three (273) candidates were nominated to contest the elections in Trinidad and Tobago.

25. The breakdown of the candidates in terms of party affiliations was as follows:-

273

A list of names of the candidates appears at Appendix VII.

26. The following candidates subsequently withdrew their candidature within the time permitted for such action under Election Rule 14 (1):-

Nazim Franklin Muradali	Independent	Pointe-a-Pierre
Zynool Peer Mohammed	W.I.N.P.	Princes Town
Nanan Bharat Bhagwandeen	L.A.P.	Siparia

XII. SPECIAL VOTERS

27. Applications to vote as special voters were received from:

- Members of the Police Service
- Members of the Special Reserve Police
- Members of the Supplemental Police

Members of the Trinidad and Tobago Defence Force

Persons engaged in off-shore petroleum operations

Election Officers

Flight Crew of Air Lines

One (1) Commissioner of the Elections and Boundaries

Commission who was assigned to duties in Tobago.

28. In some instances Returning Officers experienced difficulty in dealing with such applications, especially where registration numbers were not stated, and exhaustive search became necessary to trace the names of applicants in the list of electors. In a number of cases these applications could not be entertained as the applicants had failed to give prior notification to the appropriate officer of their change of address as required in Rule 43 of the Registration (Amendment) Rules, 1972.

29. As a consequence of this their names did not appear on the Revised Lists of Electors for the electoral districts in which they claimed to be resident and qualified to vote.

30. The Commission had the benefit of legal advice on the method it should pursue when special voting was to be carried out. Cabinet, at the request of the Commission, agreed to an extension of the period for special electors to cast their votes before polling day at special polling stations established under Rule 79(B) by amendment to Rule 79(D) of Act No. 28 of 1976. This was published as Government Notice No. 216 dated 12th July, 1976.

31. To accommodate the requirement of the Constitution that a voter must cast his vote in a ballot box, special legislation was introduced, the provisions of which are contained in the Representation of the People (Amendment) Act, No. 28 of 1976.

XIII. DELIVERY OF ELECTION SUPPLIES AND EQUIPMENT.

32. The Commission obtained on secondment from the Ministry of Works, the services of Mr. Clive Sampson, Director, Special Works, to organize, conduct and oversee all transport arrangements with respect to furniture for use at polling station sites.

33. Mr. Sampson was similarly entrusted with responsibility for the despatch of ballot boxes and other election supplies – ballot papers excepted – to the offices of the returning officers.

34. The ballot papers were delivered personally by senior officers of the Commission to the respective returning officers from whom acquittances were received.

XIV. THE POLL

35. There was some delay at certain polling stations due to:

- (1) the unfamiliarity of Presiding Officers with the system of voting by ballot and few personnel with previous experience of this to draw upon;
- (2) the large number of electors who presented themselves at polling stations without identification cards and the requirement of the law for such persons to subscribe to a written declaration accounting for non-presentation of such cards before being allowed to vote;
- (3) the failure of electors to check the list of electors for their names before polling day;
- (4) the safeguards as required by law which the Commission applied to prevent any attempt at fraudulent voting;
- (5) the time taken up in checking the list of electors and registers for the names of unregistered persons who presented themselves to vote. This applied particularly to those persons who had been registered as non-electors and had attained the age of twenty-one years before the coming into force of Act No. 20 of 1976, and had failed to apply for registration as electors. Notwithstanding the Commission's efforts to inform the public on this point, many persons did not regularize their registration status within the period prescribed;
- (6) the necessity for presiding officers as instructed by the Commission to be personally satisfied by checking the list of electors as well as the unit registers that the prospective voter's name did not appear before informing such person of his inability to cast his vote at the polling station, and the further requirement that the circumstances surrounding each case be recorded in the Polling Station Diary; and
- (7) isolated instances of poll cards becoming disarranged thus interfering with the numerical sequence and the consequential

delay in locating the appropriate poll cards which became disarranged.

36. In consequence of the above voting continued much beyond the normal hours prescribed so as to enable all persons who were waiting to vote at 6 p.m. to cast their vote.

37. Notwithstanding the above the Commission recognizes the need for some changes in the system in order to expedite the voting process, without reducing the safeguards against impropriety which are vital to maintaining public confidence in the electoral system.

XV. THE RESULTS

38. In thirty-four of the thirty-six electoral districts the Returning Officer, in accordance with the provisions of Election Rule 92 of Act No. 20 of 1976, confirmed the results as reported by the respective Presiding Officers and made their declarations accordingly after 12 noon on the 14th September, 1976.

39. At the request of one candidate in each of the electoral districts of Princes Town and Siparia, a count was conducted. A complete count was conducted in Princes Town which did not alter the result and the declaration was made by the Returning Officer on the 15th. In the case of Siparia the count was discontinued at the request of the candidate after the result of two polling stations had been checked. The declaration was made on the 14th September, 1976.

40. The Writs duly endorsed with the Return in Form 65 were forwarded to His Excellency the President.

41. In compliance with the provisions of Election Rule 97 (5)(b) of the Representation of the People Act, the Chief Election Officer in writing officially notified the Speaker of the names of the candidates elected as follows:—
